A Tilt Between Senators Ingalls Hill-Other Matters.

On the assembling of the senate the chair laid before it a memorial of the veterans of the Mexi-can war asking that their names and the widows f deceased veterans be placed on the pension Mr. Sawyer presented a petition from letter

arriers of Racine, Wis., asking that letter carriers be allowed thirty days' leave of absence each

On motion of Mr. Sherman, the senate then pro-ceeded to the appointment of the standing and other committees of the senate, and the forty-sixth rule, requiring the designation to be by bal-lot, was suspended and the names were read from a list handed to the secretary, which list was adopted.

adopted.

A number of petitions were presented, among them one by Mr. Frye, from 20,000 Good Templars, asking a constitutional amendment prohibiting the manufacture and sail of intexicating liquors.

By Mr. Mander-on: A memorial from the legislature of Nebraska, asking congress to make settlement of titles beld under United States patents by citizens of the saie, and now disputed by parties holding title under the Denver and St. Joe railroad.

ties holding tille under the Denver and St. Joe railroad.

By Mr. Morgan: A petition from the cadets at the naval academy at Annapolts, asking that that part of the act of Aug. 5, 1882, limiting the number of graduates of the naval scademy to be retained in the service each year shall not apply to those classes who were in the service at the time of the passage of the act.

A considerable number of bills were introduced, among them the following:

By Mr. Sawyer: To provide for the removal of obstructions to mavigable waters of the United States.

obstructions to navigable waters of the United States.

By Mr. Hill: To provide for coinage at the branch United States mint at Denver, Col.

By Mr. Lapham: To increase the salaries of chaplains in the United States army.

Also, for the relief of the state of New York, and to pay off certain certificates issued by that state to the soldiers of the war of 1812.

Also, to provide for courts of review in the various circuits of the United States, and to regulate the practice in civil and criminal cases in the courts of the United States.

By Mr. Camaron, of Wisconsin: To regulate elections for representatives in congress and to punish violations thereof.

By Mr. Plumb: To regulate promotions in the army.

By Mr. Plumb: To regulate promotious in the army.

By Mr. Morgan: To define the rights of United States citizens when residing in foreign countries. By Mr. Voorhees: Authorising the construction of a building for the accommodation of the library of congress. [It is the bill introduced by him lest February. It provides that a fire-proof building shall be erected east of the capitol, either between B street north and East Capitol street and First street east and Second street and First street and East Capitol street and First street and Second street east, as the commission shall herealter determine. The sum of \$500,000 is appropriated to commence the construction of the building.]

By Mr. Plumbs: To prevent unlawful inclosures.

pristed to commence the transfer inclosures building.]

By Mr. Ingalis: To prevent unlawful inclosures of public lands.

A resolution was offered by Mr. Butler, which he asked to have printed and to lie on the table, providing that each senator, except the chairmen of standing or select committees, shall be entitled to a clerk or secretary at a salary of \$1,000 annually.

to a cierg or secrem; as a agreed to aually.

A resolution of Mr. Voorhees was agreed to authorizing the committee affairs to inquire into authorizing the committee and fossibility of purchasing the encampment grounds occupied by the revolutionary army, at Valley Forge, to be made a national park. park.

He also offered the following, which he asked to have printed:

Resolved, That in the judgment of the senate a public debt is not a public blessing, and that any measure of innancial policy looking to the perpetuation of the present interest-bearing national debt of this government for the purposes of national anking, or on any other account, meets with the disapprobation of this body, and should be viewed with alarm by the taxpayers of the United States.

itted States. Mr. Hill, of Colorado, called up the resolution, Air. Hill, of Colorado, called up the resolution, lready offered by him, calling upon the scereary of the interior to furnish copies of all papers in the in the department of the interior relating the transfer of the land grant of the New Orsann, Baton Rouge, and Vleksburg Ralifoad comany to the New Ormans Pacific Ralifoad comany. He said there were about 2,000,000 acres at take in this matter; that the land had been ranted in 1871, and by the terms of the act the laim larged in five years from that they do not be the lamb larged in five years from that they had been some different series of the second that larged in five years from that they had

pany to the New Orients Pacific Railroad company. He said there were about 200,000 acres at stake in this manuer; that the land had been granted in 1871, and by the terms of the act the claim lapsed in five years from that time, the road not being built, and that there is now an attempt to transfer the land to the New Orients Pacific railway.

Mr. Ingalls said this matter had been before the attorney general, who had given an opinion that the grant of the land by the act of congress was a grant in present, and vested the company with the interest in the lands, but the grant did not acquire precision and attach to any specific lands until the route of the road was definitely located; that the provise requiring the road to be built in five years was merely a condition subsequent, which did not work a forfeiture, but enabled the United States to declare a forfeiture by proper judicial proceedings, and until such declaration of forfeiture the grant remained in the grantee, and the Baton Rouge company had the right to transfer its interest to the New Orients Pacific company. Such was the syllabus of the attorney general's opinion on the subject, which was read by the secretary of the senate.

Mr. Ingalls then stated that he had heard this resaion was to be characterized by onalsughts on the department of the interior. He did not know whether the senator from Colorado (Mr. Hill) shared this opinion, but Mr. Ingalls throught this toe first of a series of assaults intended to be made on the administration of that department. He is informed, and believes, it is to be followed by assaults upon the administration of the pension bureau, the general land office, and the Indian service. The secretary of the interior, he said, invites the utmost security into all his acts.

Mr. Hill said he was merely performing his duty in this matter. The facts are that during the five years allowed by the net not one foot of the railroad was boilt. He believed the sources of his loromation to be as good as those of the gentleman from Kansa

SUPERFLUOUS HAIR
Is an excessive growth of hair on the female face, seen on the upper lif, chia, throat, checks, and brow, this is the most noticeable, unsightly, and annoying of all complexion blemishes. It is difficult to tell who are most entitled, togympathy—the young gent whose greatest ambition is to raise a beard and cannot, or the hady whose hirstorials are presented to to remove this obnoxious methods have been resorted to to remove this obnoxious growth. For instance the hot pitch plaster, the depillatory powders, the weezers, fire, acids, the scissors, and razor. It is very humiliating to a sensitive, refined indy to realize that it is impossible to appear in public without first standing or slightly later with two exers from her face, to be gone through with day after day with the greatest care, for her experience teaches, her that if she extracts the fine hairs they in turn become heavy.
